Memoirs of Late Political Leader Say Baruch Financed Campaign With Blank Checks.

The sisters of the late William Democratic convention and campaign which resulted in the first nomina

tion and election of Woodrow Wil-son, it was learned here today.

It is the understanding here that the sensational disclosures of what Mc-Combs always regarded as ingratitude on the part of President Willated in great detail, and that many hitherto suppressed incidents of significance in the success of the Wilson democracy will be exposed for

the first time. The "memoirs" are to be published in book form and also by newspaper syndicates in serial form.

In one of the chapters he detaills the financing of the campaign by Bernard M. Baruch, and says Mr. Baruch signed checks in blank for the expense of the organization formed to put over Wilson and the amounts were written in later for whatever happened to be needed.
